No fence or wall shall be constructed except upon the prior issuance of a permit by the Code Enforcement Officer.

On properties upon which the principal use is a one- or two-family dwelling, no fence or wall or planting shall be constructed or planted less than two feet from the property line. For all other principal uses, fence locations relative to side and rear yards shall be as determined by the Planning Board upon site plan review.

No fence, wall or planting shall be placed or maintained which interferes with the safe movement of vehicular or pedestrian traffic or the removal and storage of snow from within the street boundaries. No fence, wall or planting shall be closer than three feet to any street boundary.

On properties upon which the principal use is a one- or two-family dwelling, no fence or wall shall exceed eight feet in height in any rear or side yard, and shall not exceed four feet in height in any front yard. For all other principal uses, fence height shall be as determined by the Planning Board upon site plan review.

Any fence or wall that is constructed shall have the finished side facing the adjoining property.
